Dear Parents,

Attached to this letter is your child’s results from the Oklahoma School Testing Program (OSTP) assessments administered in spring 2018.

Providing a look at how Oklahoma student academic performance compares nationally, the results reflect alignment to critical national benchmarks, including the ACT, SAT and the National Assessment of Educational Progress (NAEP), otherwise known as “the Nation’s Report Card.”

In addition to this paper copy, parents will now be able to access this information through a Parent Portal. In order to access this information, you will need your student’s 10-digit student testing number and date of birth. Below is an example of the parent portal main page [https://okparentportal.emetric.net/login](https://okparentportal.emetric.net/login):

The link below will explain a little more about how the scores are used and ways you can help your student. Also, if your student has taken the OSTP anywhere in Oklahoma in previous years, you will be able to view these scores as well. You can access this information on our website at [www.sapulpaps.org](http://www.sapulpaps.org). If you have any questions regarding your child’s test results, please contact someone at your child’s school.

Sincerely,

R.J. Armstrong
Superintendent
