Parental Consent for Off-Campus Study

I, __________________________, the parent or guardian of ________________________, give consent for my child to work on his/her virtual class(s) off of the High School/Junior High campus during the school day. I understand that this consent does not supersede the authority of the school to revoke my student’s off-campus privilege at any time during the semester. Reasons for revocation of off-campus privilege include, but are not limited to: failing grades, lack of progress in the coursework, inappropriate behavior, etc. I also understand that the school is not responsible for the supervision of my student while he/she is off the school campus, but that inappropriate student behavior during this time could result in disciplinary action by the school.

By signing below I acknowledge that I have received the information listed above and I am responsible for it. This signature will also be used for opting into off-campus study time for hybrid and Credit Recovery students.
